PROFILE

I am a enthusiastic Web Developer having solid foundation in technologies like WordPress, Shopify, Figma, HTML, CSS, JavaScript. Passionate in designing and creating user-friendly web interfaces. With 1.5yrs of experience in designing and development. I am now actively seeking career opportunities to further leverage and expand my skills to a dynamic tech team.

WORK EXPERIENCE

WordPress Developer

SRI HANUMAN ENGINEERING   April 2023 - Present

ECOMMERCE WEBSITE USING WORDPRESS & WOOCOMMERCE

- Implemented key features such as search functionality, category listings, cart management, and secure checkout via Razorpay payment integration.
- Customized the website design to align with client specifications, ensuring a unique and visually appealing interface.
- Leveraged the Contact Us form for user and admin email notifications, enhancing communication channels.
- Ensured a responsive and user-friendly interface across various devices for optimal user experience.
- Utilized the Ultimate Member plugin to efficiently manage user data through the WordPress admin panel, streamlining administrative tasks and enhancing user engagement.

DIGITAL MARKETING WEBSITE USING WORDPRESS

- Designed and developed a responsive digital marketing website from start to completion using Figma, Canva, WordPress and Elementor.
- Created a website design using Figma, incorporating client requirements.
- Designed icons, fonts, and images to maintain consistency and brand identity across the website.
- Translated approved Figma designs into a fully functional WordPress website using Elementor page builder.
- Developed four essential pages: Home, About, Blog, and Contact Us, ensuring seamless navigation and user engagement.
- Implemented automated email functionality to streamline communication between users and the company.
- Ensured mobile responsiveness and cross-device compatibility for optimal user experience.
- Integrated user-friendly navigation and intuitive layout to showcase the company's services, plans, and achievements effectively.

DIGITAL INTERACTION ADVISOR

[24]7.ai   June 2020 - Feb 2023

- Led a 10-member team, ensuring efficient customer query resolution, adherence to key metrics, and effective use of tech tools like salesforce, axiom, base24, excel.
- Maintained high customer satisfaction through effective chat handling techniques.
- Received awards for exceptional team leadership, training, and maintaining performance achieving key metrics for customer satisfaction, response time, and issue resolution.
